Lehman's Garage Classic Car Show All Proceeds Donated to ACS Hope Lodge

On Saturday, July 25, Lehman's and Acme Car Club hosted their annual Classic Car Show to benefit the American Cancer Society Twin Cities Hope Lodge. There were over 140 cars to look at, music deejayed by Lehman's employee Roger Cummings, and food provided by Choice Auto Rental for a small donation. This year there was also a Red Cross Blood Drive on-site during the car show.

Despite the rain, it was a beautiful day for a car show. The rain held off until the show was almost over.

Several Lehman's employees brought their cars to the show.

Employee vehicles present included Dick Thielen's 1967 Ford Mustang, Darrell Amberson's 1970 Dodge Challenger and Kevin Williams' 1979 Chevrolet Camaro Z28.

Thank you to all the volunteers and vendors who made the car show a success. As a result of everyone's generosity, \$5220 was donated to the American Cancer Society Twin Cities Hope Lodge.

The American Cancer Society Twin Cities Hope Lodge provides temporary home-like residence without charge to adult cancer patients who must travel to the Twin Cities for treatment.

Family Weekend Giveaway Winner Announced

Sponsored by Lehman's Garage and Cragun's Resort

Mike Deutsch, a Lehman's Bloomington Mechanical Department customer, is the winner of Lehman's and Cragun's Resort Family Weekend Giveaway. He received his prize at Lehman's Car Show on July 25.

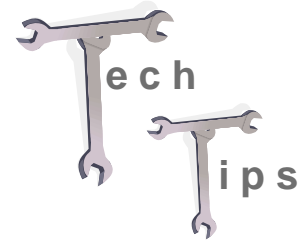

Lehman's Garage ran this promotion from May 1 through June 15. Each time a customer had their vehicle repaired or serviced during that period, at any of the six shops, their name was automatically entered in a drawing to win a Family Weekend at Cragun's Resort on beautiful Gull Lake in Brainerd, MN.

Lehman's puts on chop shop demonstration

In April, the 46th Midwest Motor Vehicle Theft Conference was held in Bloomington, MN. The purpose of the conference is to educate and train insurance personnel and police officers on auto theft. Participants came from thirteen states and two Canadian provinces.

During the conference, Lehman's Garage, together with Action Auto Parts, put on a chop shop demonstration to show how fast an auto thief can disassemble a car for parts. A 2004 Dodge Intrepid was taken apart in under ten minutes. This vehicle was actually worth more after it was taken apart than it was still put together as the parts can be sold individually.

The Midwest Motor Vehicle Theft Conference was co-sponsored by the Anti Vehicle Crime Association of Minnesota (AVCAM) and the North Central Regional Chapter of the International Association of Auto Theft Investigators (NCRC of IAATI).
